With respect to transfer and payment Orders, any special instruction or reference as to the purpose of the funds that are the subject of a payment order, is deemed to be information only for the payee, and not for the Bank. The fact that the Bank may accept and pay such an Order, shall

not give rise to any claims or rights in favour of any third party against the Bank.

13. Assignment of Orders; Delivery of Documents

13.1.

If the Bank considers it necessary or being in the interest of the Client or if otherwise it is accepted in the due course of business, the Bank may engage the services of a third party to carry out Orders of the Client. The Bank shall exercise due professional care in selecting, advising and controlling such a third party but otherwise shall have no liability for actions or omissions by such third party. Charges to the Bank by such a third party, unless otherwise agreed, shall be reimbursed by the Client. If a third party is appointed at the direction of the Client, the Bank shall not be held responsible for the selection of, or any actions or omissions by, such third party provided that the appointment of such third party was made under the instruction of the Client or under law.

13.2.

16.2.

All tangible and intangible assets pledged for the benefit of the Bank shall serve as collateral for any and all claims the Bank may have against the Client, whether such claims arise from a loan, guarantee, discount and acceptance of bills, letter of credit, or other obligation originated by, or transferred to, the Bank, unless it is expressly agreed by the Parties that such collateral shall serve some other purpose.

16.3.

The Bank shall inform the Client of the place and date of such sale of collateral.

16.9.

In order to reach a prompt settlement of the Bank's claims against the Client, the Bank may seek satisfaction of its claims from any particular item of collateral provided by the Client notwithstanding the fact that there may be other collateral available at such time.

16.10.

Prior to the Bank's claims against the Client becoming due, to the extent permitted by applicable law, the Bank may, if it considers the later legal enforceability of such claims jeopardised, sell, exchange, enforce, collect or otherwise deal with any accounts, contracts, receivables, claims, or securities that constitute collateral for the Bank's claims, in the Bank's own name, and handle the proceeds thereof as security for its claims. In so doing, the Bank may, subject to applicable laws, take all actions it considers necessary, to enforce its claims. However, the Bank shall not be required to take any actions to collect, execute or otherwise enforce obligations from third parties towards the Client that constitute collateral or security for the Bank's claims. Upon the request of the Bank, the Client shall be required to ensure, at the Client's expense, that payment of obligations of third parties to the Client that constitute collateral or security for the obligations of the Client to the Bank, is effected to and for the Bank.

16.11.

The existence of a claim of the Bank against the Client shall be evidenced by the Bank's books or control accounts. The entries in the Bank's books or control accounts shall be conclusive evidence of the existence and amounts of the obligation of the Client.

17. Bank's Right to Set-off**17.1.**

The Client, by signing the agreement or otherwise entering into a business relationship with the Bank, irrevocably authorizes the Bank the right to set-off any

claim the Bank may have against the Client against any liabilities owed by the Bank to the Client, including liabilities represented by the Client's bank accounts. Furthermore, the Bank may cease paying amounts ordered by the Client to be paid to third parties to the debit of the Client's bank account at the Bank up to the amount of the Bank's claims against the Client, even if such claims have no relationship with the Client's bank account, and even if such claims are not yet due, to the extent permitted by applicable law, but where the Bank reasonably believes that settlement of such claims is doubtful. The Bank shall also have the right to terminate deposits prior to their maturity and apply the funds becoming due to satisfy its claims. The Bank shall not be held liable for any damage, costs or expenses resulting from exercising its right to stop making such payments under this Section. If the currency of any such account is different from that of such indebtedness of the Client, the Bank may purchase an amount in the currency of such indebtedness of the Client (not exceeding the amount thereof) in the currency of such account and may debit the cost of such purchase to such account.

18. Increased Costs

18.1.

If any change made in or by the laws, regulation, administrative action or in the court or official interpretation thereof or in any future provisions of the law, of the central bank or of other authorities causes additional costs to the Bank in respect of making, funding or maintaining the agreements concluded by the Parties, then the Bank shall be entitled to charge such costs to the Client. If such increased costs occur, the Bank shall forthwith notify the Client advising of the expected amount.

19. Refusal of Providing Services; Termination by the Bank

19.2.

If an Event of Default shall have occurred with respect to any facility, then the Bank, by notice to the Client and without limitations to other rights the Bank may otherwise have, either any or all of them, may:

The Bank's rights under the Agreement and the related security documents (if any) shall remain unchanged when the Bank debits the current account of the Client with the amounts owed to the Bank under the Agreement.

19.3.

Upon the termination of an Agreement between the Parties, all amounts owed under that Agreement shall immediately become due. The Client shall release the Bank from all obligations which the Bank has undertaken at the request, or for the benefit, of the Client. As long as it is not possible

20.44.

The Bank may refuse execution of a payment order placed by fax if the code of such fax message differs from the agreement of Parties. The Bank shall execute the payment order given by means of a fax message subject to the conditions otherwise applicable to such payment order.

20.45.

The Parties agree that the date and time of receipt of a fax message by the Bank shall be the date and time recorded on the fax message by the fax machine of the Bank unit

20.51.

The Bank shall not be liable for damages arising from a payment order of the Account Holder sent by fax becoming damaged or unintelligible or intercepted by any unauthorised person due to the faulty operation or incapacity of service of the fax machine or the transmission line.

20.52.

The option of using fax messages shall expire on the date of termination of the Account Agreement.

be accepted by the Bank for execution. In such cases, a new document shall be issued by the Account Holder.

20.55.

If the objective of a payment order submitted by the Account Holder is to amend, confirm or repeat a previous payment order, the payment order shall be expressly marked as such by the Account Holder. In the absence of such mark, the Bank shall consider such payment order as a new payment order.

20.57.

Unless required by law, the Bank shall not verify the authenticity or correctness of data included in the column for comments of a payment order.

20.58.

The Account Holder acting as payer may withdraw its consent regarding the payment transaction by revoking a payment order until the dates specified below (with the provision that in case of withdrawal of consent given to more payment orders, none of the payment orders shall be deemed as approved). Upon the Account Holder's request, the Bank will confirm the date of withdrawal to the Account Holder.

20.59.

The Account Holder shall not revoke a payment order once it has been received by the Bank. Where the payment transaction is initiated by or through the Account Holder's payee, the Account Holder acting as payer may not revoke the payment order after transmitting the payment order or giving his consent to execute the payment transaction to the payee. In the case of a direct debit and without prejudice to refund rights the Account Holder acting as payer may revoke the payment order at the latest by the end of the business day preceding the day agreed for debiting the funds. In case of payment orders with a debit date the Account Holder acting as payer may revoke the payment order at the latest by the end of the business day preceding the day agreed for debiting the funds.

20.60.

After the time limits specified above the payment order may be revoked only in the cases and within the time limits specified in the List of Terms and Service Prices. In case the payment order is initiated by or through the Account Holder's payee, the payee's agreement shall also be required.

20.61.

Notwithstanding the above, in case of payment orders where a payment order includes more than one payment transaction (batch order, including multiple payments, group collection), the Account Holder may revoke the payment order at the latest by the end of the third business day preceding the day agreed for debiting or, as the case may be, crediting the funds.

20.62.

A written statement delivered to the Bank by the date set out above shall be sent to the Bank if the Account Holder wishes to withdraw his consent. Any costs arising from such withdrawal to the Bank (e.g., change in the foreign exchange position) shall be paid by the Account Holder upon the first demand of the Bank and the Bank shall be entitled to enforce such claim from the bank account of Account Holder kept by the Bank.

20.63.

The Account Holder shall be liable to the Bank and to any other co-operating Bank for damages arising from the inadequacy, incorrectness or incompleteness of payment orders placed with respect to a bank account or data provided by the Account Holder.

20.64.

The Bank may, without limitation in time, correct any erroneous credit and debit entries without the order or consent of the Account Holder.

Information before Execution of Individual Payment Transactions

20.65.

Prior to the initiation of a payment transaction, the Account Holder may request the Bank to provide information with regard to the maximum execution time of and the charges for that specific transaction. The Bank may charge the Account Holder for this service as specified in the List of Terms and Service Prices.

Execution of Payment Orders, Reference Exchange Rates

20.66.

The Bank shall make credits according to the account number stated on the payment order. If the payment order fails to have an account number or such number cannot be identified, the Bank may – but is not obliged to – perform a credit or debit based on the name of the Account Holder. If in such case, the Bank refuses to perform a credit or debit action based on the name of the Account Holder, the payment order shall be refused. The Bank shall execute however transfer upon the owner of an authority and resolution for transfer always according to the Account Holder's bank account number and its name.

20.67.

The Bank may refuse any credit payment order received without the name of the payer.

20.68.

The case of a payment order stated in a currency other than the currency of the relevant bank account, the Bank shall debit / credit the bank account in the currency of the bank account stated in the payment order. When exchange is required between a currency other than the currency of the bank account and the currency of the bank account, unless otherwise agreed between the Parties, the reference exchange rate specified in the List of Terms and Service Prices shall be used. The Parties agree that the Bank may modify the exact amount of such reference exchange rate with immediate effect and without any prior notification. To such modification the provisions regarding the framework contract's modification shall not apply.

20.69.

The Bank shall credit on the bank account the amounts received by Bank to the benefit of the Account Holder subject to the titles and payment method allowed by the applicable laws. However, according to the rules on the prevention of money laundering, the Bank shall be entitled to check the origin of any amount received by a bank account, to require a proof thereof and in the absence of a suitable proof, to deny crediting the relevant amount.

20.70.

The Bank may deduct any commission, fee or expense prior to crediting the amount transferred in favour of the Account Holder acting as payee. In this case the notification sent to the Account Holder will contain the separate amount of the full amount of the payment transaction and the commissions, fees or expenses deducted from it.

Refund

20.71.

Upon request of the Account Holder acting as payer, the Bank will refund (or refuse to refund with justification) the amount of an executed payment transaction within 10 business days after receiving such request, if the payment transaction was initiated by or through the Account Holder's payee and authorized by the Account Holder, provided that such claim was submitted at the latest 56 days from the date on which the bank account of the Account Holder was debited with the amount of that payment transaction and the following conditions are met:

- a. the authorization did not specify the exact amount of the payment transaction when the authorization was made; and
- b. the amount of the payment transaction exceeded the amount the payer could reasonably have expected. (provided that payee's payment service provider is seated in the EEA).

No direct debit shall be deemed to exceed the reasonably expected amount where it is reasonably expectable that the collected amount serves for the purposes of the repayment of outstanding debts arising from the agreement between the payer and the payee.

20.72.

Parties agree that in case of direct debit the Bank's obligation to refund as set out in Section 20.71 shall only be applicable to group collection orders.

20.73.

The Account Holder acting as payer is obliged to prove that the conditions set out in Section 20.71 above were met. Upon the Bank's request, the Account Holder shall inform the Bank about its legal relationship with the Account Holder's payee. The Account Holder hereby acknowledges and agrees that the Bank may inquire further information from the Account Holder's payee (if deemed necessary by the Bank) and waives his right relating to bank or business secrecy in respect of the Bank and the payee in a separate declaration.

20.74.

In case a payment transaction as set out in Section 20.71 above is initiated by or through the Account Holder acting as payee and the Account Holder's payer submits his claim according to 20.71 above and the Bank undertakes to pay such claim to the payer's payment service provider (based on the agreement concluded between the Bank and that payment service provider), the Account Holder is obliged to repay the amount of the refunded payment transaction to the Bank, immediately upon the Bank's notice. The Bank has the right to set-off such amount against the Account Holder's bank account held with the Bank. Such obligation of the Account Holder depends solely on the Bank's undertaking and shall be irrespective of any legal dispute between the payer and the Account Holder or payer's payment service provider.

Correction of Payment Transactions, Liability

20.75.

The Account Holder may request the correction of an unauthorized or incorrectly executed (but authorized) payment transaction, immediately after the execution of such payment transaction, however not later than thirteen (13) months following the date on which the bank account of the Account Holder was debited or, as the case may be, credited with the amount of the alleged unauthorized or incorrectly executed (but authorized) payment transaction. If there is no such calendar day in the month in question, the last day for submission of the above request shall be the last day of that month.

20.76.

In case the Bank agrees that an unauthorized payment transaction has been processed or a payment order has been executed incorrectly, it shall immediately correct such failure.

20.77.

With regard to requests for the correction of unauthorized or incorrectly executed (but authorized) payment transactions by the Account Holder, the Bank's records shall constitute conclusive evidence (except for manifest errors) that the payment transaction was authorized by the Account Holder or that the Account Holder acted

fraudulently or failed with intent or gross negligence to fulfil his obligations under Sections 20.75 or 20.76.

20.78.

In case an unauthorized (and therefore not executable) payment transaction has been executed, the Bank shall immediately refund to the Account Holder acting as payer the amount of that unauthorized payment transaction and restore the debited bank account to the state in which it would have been had the unauthorized payment transaction not taken place and shall be liable for damages incurred by the Account Holder.

Liability regarding Cash Substitute Payment Instruments, Bank's Blocking Right

20.79.

The Account Holder shall use the cash substitute payment instrument according to the terms of the framework contract, and take all reasonable steps to keep safe both the cash substitute payment instrument and the personalized security features (including PIN or other codes) necessary for its use, including, but not limited to, complying with the security instructions communicated by the Bank. Cash substitute payment instruments are the following: bank card, ING Online and Multicash.

20.80.

The Account Holder shall immediately notify the Bank on becoming aware of the loss, theft or misappropriation of the cash substitute payment instrument or its unauthorized use.

20.81.

The Account Holder shall be liable for all damages relating to any unauthorized payment transactions, resulting from the use of a lost or stolen cash substitute payment instrument or from the misappropriation of such, until the notification under Section 20.80 was made. Upon notification by the Account Holder, the Bank shall take appropriate measures to prevent any (further) use of the cash substitute payment instrument. At the request of the Account Holder, the Bank will provide the Account Holder with the means to prove, for 18 months after such notification, that the Account Holder made such notification.

20.82.

Following the above notification, the Bank shall be liable for damages relating to any unauthorized payment transactions, resulting from the use of a lost or stolen cash substitute payment instrument or from the misappropriation of the cash substitute payment instrument.

20.83.

Unless agreed otherwise, the Bank is authorized to block the cash substitute payment instrument for reasons related to:

- a. the security of the cash substitute payment instrument;
- b. the suspicion of the unauthorized or fraudulent use of the cash substitute payment instrument;

- c. a significantly increased risk that the Account Holder may be unable to fulfil its liability to pay, in case of a cash substitute payment instrument with a credit line.

20.84.

If the Bank blocks the cash substitute payment instrument, it will inform the Account Holder thereof, unless giving such information would compromise objectively justified security reasons or is prohibited by relevant legislation.

20.85.

The Bank will unblock the cash substitute payment instrument or replace it with a new payment instrument once the reasons for blocking no longer exist.

Limitation of Liability with regard to Unique Identifier

20.86.

If a payment order is executed in accordance with the unique identifier (bank account number), the payment order shall be deemed to have been executed correctly with regard to the payee specified by the unique identifier.

20.87.

If a transfer upon the order of authority or the resolution for transfer is executed in accordance with the unique identifier, the payment order shall be deemed to have been executed correctly with regard to the payer specified by the unique identifier and payer's name.

20.88.

If the unique identifier is incorrect or the payment transaction could not be executed, the Bank shall not be liable for non-execution or defective execution of the payment transaction, except for the case specified in Section 20.87 above.

20.89.

If the Account Holder provides information additional to that specified and communicated by the Bank (i.e. unique identifier and other information requested for successful execution), the Bank shall be liable only for the execution of payment transactions in accordance with the unique identifier provided by the Account Holder.

20.90.

Irrespective of the exclusion of the Bank's liability, the Bank shall make reasonable efforts to recover the funds involved in the payment transaction upon the request of the Account Holder. The Bank may charge the Account Holder for recovery, in accordance with the List of Terms and Service Prices.

Liability for the Execution of Payment Transactions

20.91.

Where a payment order is initiated by the payer, his payment service provider shall be liable to the payer for correct execution of the payment transaction, unless he can prove that the payee's payment service provider received the amount of the payment transaction. Where

the payer's payment service provider is liable under the above, he shall without undue delay refund to the payer the amount of the non-executed or defective payment transaction and, where applicable, restore the debited payment account to the state in which it would have been had the defective payment transaction not taken place.

20.92.

Where the payee's payment service provider is liable under the first subparagraph (i.e., the amount of payment transaction was received by payee's payment service provider), he shall immediately place the amount of the payment transaction at the payee's disposal and, where applicable, credit the corresponding amount to the payee's payment account.

20.93.

In the case of a non-executed or defectively executed payment transaction where the payment order is initiated by the payer, his payment service provider shall regardless of liability, on request, make immediate efforts to trace the payment transaction and notify the payer of the outcome.

20.94.

Where a payment order is initiated by or through the payee, his payment service provider shall be liable to the payee for correct transmission of the payment order to the payment service provider of the payer. Where the payee's payment service provider is liable under this provision, he shall immediately re-transmit the payment order in question to the payment service provider of the payer.

20.95.

In addition, the payment service provider of the payee shall be liable to the payee for handling the payment transaction in accordance with laws. Where the payee's payment service provider is liable under this provision, he shall ensure that the amount of the payment transaction is at the payee's disposal immediately after that amount is credited to the payee's payment service provider's account.

20.96.

In the case of a non-executed or defectively executed payment transaction for which the payee's payment service provider is not liable under Section 20.91 and 20.92, the payer's payment service provider shall be liable to the payer. Where the payer's payment service provider is so liable he shall, as appropriate and without undue delay, refund to the payer the amount of the non-executed or defective payment transaction and restore the debited payment account to the state in which it would have been had the defective payment transaction not taken place.

20.97.

In the case of a non-executed or defectively executed payment transaction where the payment order is initiated by or through the payee, his payment service provider shall, regardless of liability under this paragraph, on request, make immediate efforts to trace the payment transaction and notify the payee of the outcome.

20.98.

Sections 20.91-20.97 shall only be applicable, if the payee's payment service provider is located within EEA.

20.99.

The Bank shall be liable to the Account Holder for any charges for which the Account Holder is responsible, and for any interest to which the Account Holder is subject as a consequence of non-execution or defective execution of the payment transaction.

The Bank's Exemption, Limitation of Liability

20.100.

The Bank as payment service provider shall not be liable for non-performance of any of its duties, if the non-performance resulted from the following circumstances which can be justified by the Bank:

- (i) circumstances beyond his control (including defaults in the transmission or telecommunication systems, postal or other strikes or similar industry initiations, state administration and civil acts either inland or abroad, military acts, wars and terrorist actions) ("**vis maior**") or
- (ii) community or other laws' provisions.

20.101.

The Bank as payment service provider shall not be liable for damages relating to unauthorized payment transactions provided that the Account Holder acted fraudulently or failed with intent or gross negligence to fulfil his obligations under Section 20.75 and 20.76.

20.102.

Where the Account Holder has neglected to keep the personal security features safe or has stored the cash substitute payment instrument in a way in which the payment instrument was accessible to third parties, the Account Holder shall be liable to the Bank for any damages or losses that the Bank may suffer or costs that the Bank may incur to prevent further damage to the Bank or its relations.

20.103.

Unless proved to the contrary, the fact that the cash substitute payment instrument was used by a third party, shall prove that the Account Holder failed with intent or gross negligence to fulfil his obligations regarding the safe-keeping requirements of cash substitute payment instruments. Unless proved to the contrary, the fact that the personalised security features (whether directly or indirectly) have been used in the correct manner during the use of the cash substitute payment instrument, shall prove that the Account Holder failed with intent or gross negligence to fulfil its obligations regarding the safe-keeping requirements of personalised security features.

20.104.

Should the Bank become liable under the present Section, it shall be only liable for direct damages arising from

unauthorized or incorrectly executed payment transactions towards the Account Holder. Direct damages are limited to the sum of costs, fees, expenses and interests incurred by the Account Holder. The Bank shall not be liable for indirect losses, including consequential damages, lucrum cessans, losses arising from loss of business or business opportunities, decrease in goodwill, expected savings, reputation damages, unless such are the result of the Bank's intentional behaviour or its gross negligence.

Settlement, Notifications, Corrections

20.105.

Should the Bank owe an amount to the Account Holder, the Bank may discharge its obligation by crediting such an amount to the Account Holder's bank account, except when otherwise instructed by the Account Holder.

20.106.

Unless otherwise agreed or instructed, the Bank shall deliver a statement of each debit and credit on, and the balance of the bank account to the Account Holder once per month and in a form that the Account Holder may store such data permanently and may reproduce such in an unchanged form and content. The Account Holder shall notify the Bank in writing within thirty (30) days from the receipt of such a statement of any claims or discrepancies with respect to the statement. Failure to deliver such notification by the Account Holder shall be deemed to constitute approval of the statement by the Account Holder.

20.107.

The Bank shall have the right - without the prior approval of, and giving prior notice to, the Account Holder - to correct any errors in debiting or crediting the Account Holder's bank account at any time without time limit or application of limitation of action. The Bank shall notify the Account Holder without delay of any such correction.

20.108.

In respect of erroneous credit, the Bank shall have the right to debit without the Account Holder's separate approval the Account Holder's bank account with the accrued interest on the amount of such erroneous credit calculated

for the period from the date of such erroneous credit until the date of correcting such an error. If the correction of such erroneous credit causes an overdraft on the Account Holder's bank account, unless agreed otherwise the Bank shall have the right to charge an interest rate on such an amount at the interest rate the Bank charges for overdrafts to the Account Holder (or similar account holders) for the period from the date of such erroneous credit until the date of correcting the error.

20.109.

In the event of erroneous debit, the Bank shall credit the Account Holder's bank account with interest on the amount of such erroneous debit at the interest rate the Bank otherwise pays on such bank account for the period from the date of such erroneous debit until the date of correcting the error.

20.110.

The Bank may require the Account Holder's prior notice in respect of the Account Holder's intention to withdraw cash in certain amounts, denominations or currencies. The specific terms of such obligation of the Account Holder are included in the List of Terms and Service Prices.

20.113.

The consideration payable for the services is set out in the agreement and the List of Terms and Service Prices. The Account Holder may, where appropriate, select the charging principle to be used for a payment transaction. However, the Account Holder acknowledges and agrees that the Bank may, in its sole discretion and without giving the Account Holder prior notification thereof, change the charging principle as instructed by the Account Holder in the payment order to 'SHA' and execute the payment order accordingly, if:

- (i) the payment order given by the Account Holder is in the currency of an EEA member state;

- (iii) the Account Holder has selected a charging principle other than SHA in the payment order.

Amendment of the Framework Contract

20.114.

The Bank shall inform the Account Holder of any modification of the framework contract at least two (2) months before such changes become effective. The Account Holder will be deemed to have accepted such changes if it does not notify the Bank that it does not accept them before the proposed date of their entry into force. If the Account Holder informs the Bank that it does not accept

such changes, the framework contract shall automatically terminate before the day when such changes become effective. This Section does not apply to changes made to charges, fees, commissions, expenses and/or limits, which may be amended by the Bank with immediate effect and without any notice (unless the applicable laws or the framework contract provide otherwise).

Termination of the Framework Contract and the Bank account

20.115.

The framework contract shall terminate

- (i) upon the death (or termination without succession) of the Account Holder;
- (ii) in case of ordinary termination, on the day set out as expiry date in the termination notice;
- (iii) in case of money circulation bank account as set out Section 20.119 below.

20.116.

In addition to the reasons for termination specified by Section 20.115 above, the Bank may at any time terminate with immediate effect the framework contract if:

- c. the bank account has been dormant for more than six months, or

20.117.

The Account Holder may terminate the framework contract in writing with one (1) month notice. In this case the Account Holder shall pay the Bank its costs related to the termination. The Bank may terminate the framework agreement with two (2) months notice in writing.

20.118.

Should the Account Holder maintain more than one bank account at the Bank, he may request the Bank to terminate any of these bank accounts without terminating the framework contract. The Bank may close any bank account of the Account Holder without terminating the framework contract if for at least six (6) months such bank account has not shown a positive balance no transaction has taken place on the bank account and there was no available credit facility on the bank account.

20.119.

The Bank closes the money circulation bank account with immediate effect if the Account Holder does not justify within ninety (90) days from opening such account with a certificate issued by the registration authority in charge and being not older than thirty (30) days that the Account Holder had been registered in such registry. In this case

the framework contract terminates as well, and the Bank informs the Account Holder about the termination of the framework contract.

20.120.

The Bank is entitled to charge penalty interest as set forth in the List of Terms and Service Prices, and/or terminate the bank account relationship with immediate effect if the Account Holder does not make any transactions on the account over a period of three (3) months, or if the account balance is negative for more than fifteen (15) days.

20.121.

The Parties shall settle accounts with each other at the latest on the date of termination. The records of the Bank shall be observed and accepted for the purposes of determining the amount of the debt owed by the Account Holder to the Bank. The Bank shall charge the Bank Charges for such responsible custody as announced by the List of Terms and Service Prices.

21. Deposits**21.1.**

Based on the instruction of the Client, the positive balance of any bank account may be fixed in full or in part as a deposit for the tenors defined in the Announcement; the Bank pays an interest on such deposits as specified for the various fixing terms presented in the Announcement. The minimum amount that may be fixed as a deposit is set out in the List of Terms and Service Prices and in the Announcement. The starting date of the interest-earning period is the day the deposit is fixed, the last interest-earning day being the day preceding the maturity of the deposit. Based on an instruction to that effect, the Bank will roll over the principal amount of the deposit (or the principal amount of the deposit incremented by the interest earned) at the maturity date of the deposit – without any repeated instruction by the Client – for a tenor equal to the tenor of the matured deposit, with the interest conditions valid as at the time of the rollover as published in the Announcement (rollover of deposit).

21.2.

The interest rate specified in the Announcement in effect on the deposit-fixing day, valid for the relevant deposit type, shall be applicable during the entire tenor of the term deposit, unless the Client does not agree otherwise with the Bank's Treasury Sales Department)

21.3.

If the Client breaks the deposit before the end of the tenor, the Bank does not pay interest for the breaking part of deposits. At the maturity of the deposit, the Bank shall credit the amount of the matured deposit as well as the interest earned to the Bank Account on which the given deposit had been fixed.

21.4.

The Bank hereby informs its Clients about the calculation formula of the uniform deposit interest rate indicator ("EBKM") applied under the individual deposit contracts: (i) if the number of days remaining until the maturity of the deposit is less than 365 days, then

$$\text{Elhelyezett betét} = \sum_{i=1}^n \frac{(k + bv)_i}{1 + r \times (t_i / 365)}; \text{ or}$$

(ii) if the number of days remaining until the maturity of the deposit is at least 365 days, and in the case of a sight deposit or a deposit fixed for an indefinite term, then

$$\text{Elhelyezett betét} = \sum_{i=1}^n \frac{(k + bv)_i}{(1 + r)^{(t_i / 365)}}; \text{ where } n \text{ is: the number of}$$

interest payments; r is: the EBKM percentage; t_i is: the number of days remaining from the deposit fixing day until payment no. i ; $(k + bv)_i$ is: the amount of the interest earned and the deposit amount paid back at payment no. i .

21.5.

The Bank pays interest on the daily positive closing balance of the bank account, as follows:

$$\text{Daily positive (credit) balance} * \text{interest rate} / 360$$

(in case of GBP and PLN the dividend shall be 365)

The interest payable shall refer to the total balance of the bank account. The Bank credits interest on the overdraft account's positive balance on the first day of the month

following the actual month on the bank account affected. Interest rates are contained by the List of Terms and Service Prices. In case of reference interest rates, the Parties agree that the Bank may modify the exact amount of such reference rate with immediate effect and without any prior notification. To such modification the provisions regarding the framework contract's modification do not apply.

21.6.

The Bank, as the Hungary Branch of ING Bank N.V., on behalf on ING Bank N.V. is a member of the Dutch Deposit Guarantee Scheme, which is regulated by the Directive 94/19/EK of the European Parliament and of the Council (hereinafter the "**Deposit Guarantee Scheme**"). Any claims of Clients arising from bank deposits are exclusively secured under the terms of Deposit Guarantee Scheme. Detailed information about the Deposit Guarantee Scheme is available in the respective Annex of this present GTC.

22. Credits and Loans

22.1.

Pursuant to a credit agreement (or an agreement to a similar effect) by and between the Parties, the Bank may provide loans to the Client. Unless otherwise agreed in the respective credit agreement, interest shall be due at the end of each calendar month and the Client shall repay the loan at maturity or upon demand by the Bank as set forth in the credit agreement (or an agreement to a similar effect).

22.2.

The Bank shall have the right to determine interest rates applicable for credits and loans. Unless otherwise agreed, the interest equals the principal amount of the borrowed loan times the number of days times the interest rate, which aggregate shall be divided by 360. The Bank shall have the right to modify unilaterally the interest rate on a daily basis (floating rate). The Bank shall communicate the interest rate to the Client in writing upon request.

22.3.

The expenses and fees that the Bank may charge in connection with a loan shall be included in the respective Agreement or in the List of Terms and Service Prices.

22.4.

On the basis of the Agreement, List of Terms and Service Prices or other similar agreement, as a consideration of the commitment of the Bank and/or the obligation of the Bank to make the loan available, the Client shall pay an annual availability fee on the non-utilised part of the loan provided by the Bank. Unless otherwise agreed, such availability fee shall be payable quarterly at the end of such quarter.

22.5.

The fees and costs related to the loans are included in the relevant Agreement or in the List of Terms and Service Prices.

22.6.

The Bank shall not be liable to investigate or concern itself with the application of amounts raised under any credit or loan by the Client as borrower. However it is entitled to receive any information related to the purpose of the loan.

22.7.

If due to either

- (i) any law or regulation, or change in the judicial or administrative interpretation thereof or
- (ii) compliance by the Bank with any existing or future request from any central bank or other governmental or regulatory authority, there shall be any increase in the cost to the Bank of agreeing to make or making, funding or maintaining any facility under the Agreement, the Client shall pay to the Bank an amount sufficient to compensate the Bank for such increased cost.

22.8.

The Bank hereby informs its Clients about the calculation formula of the annual percentage rate indicator ("**THM**"):

- (i) if the loan is disbursed in a lump sum, then

$$H = \sum_{k=1}^m \frac{A_k}{(1+i)^{t_k}}$$

where H is: the loan amount, reduced by any charges payable to the financial institution in connection with the loan; A_k is: the amount of repayment no. k; m is: the number of repayment instalments; t_k is: the date of the repayment instalment no. k, expressed in years or fragment years; i is: the THM percentage; or

- (ii) if the loan is disbursed in several instalments, then

$$\sum_{k=1}^m \frac{A_k}{(1+i)^{t_k}} = \sum_{k'=1}^{m'} \frac{A'_{k'}}{(1+i)^{t'_{k'}}}$$

where A_k is: the amount of loan instalment no. k, reduced by any charges payable to the financial institution in connection with the loan; $A'_{k'}$ is: the amount of repayment no. k'; m is: the number of loan disbursements; m' is: the number of repayment instalments; t_k is: the date of the repayment instalment no. k, expressed in years or fragment years; $t'_{k'}$ is: the date of the repayment instalment no. k', expressed in years or fragment years; and i is: the THM percentage.

23. Bills of Exchange and Cheques

23.1.

The Bank may, at its own discretion, purchase (discount) bills of exchange or cheques, or may accept them for collection. If the Bank credits the Client in advance for the value of a bill of exchange or cheque, the Bank may redebit the Client for such an amount plus interest and expenses if such a bill of exchange or cheque is not paid on presentation or in each case if

- (i) the right to present and receive payment on such bill of exchange or cheque is limited by law or regulation, or
- (ii) the Bank is unable to present such bill of exchange or

- (iii) cheque on its due date or at all, as a result of a significant development affecting the Bank, or
- (iv) a moratorium or similar condition is declared or develops in the country where such a bill of exchange or cheque is payable.

23.2.

If the Bank credits the Client in advance for the value of a bill of exchange, the Bank may redebit the Client for such an amount before it becomes due, if the Bank is not provided with sufficient information with respect to the party obliged to pay on such a bill of exchange to enable the Bank to evaluate the creditworthiness of such a party, or if such a party has protested payment of other bills of exchange or other obligations, or if there has been a material adverse change in such party's financial condition.

23.3.

If a bill of exchange or cheque is charged back against the Bank, the Bank shall maintain all of its claims against the Client based on such a bill of exchange or cheque for as long as it is necessary to satisfy the Bank's claim with respect to such a bill of exchange or cheque plus interest and expenses.

23.4.

If requested by the Bank, the Client shall transfer to the Bank

- (i) the claim which serves as a basis for acquiring title to a bill of exchange and
- (ii) all the rights deriving from the initial transaction pursuant to which such a bill of exchange was initially issued, whether existing at present or in the future, including any warranties made or arising out of such a transaction.

23.5.

The Bank shall pay a bill of exchange which is to be paid at the Bank, only if the Client has provided the funds on his account with the Bank that are necessary for the payment or an acceptable guarantee, not later than the business day preceding the due date of such a bill of exchange.

24. Custody Services

24.1.

The Bank may act as custodian of securities or other tangible assets of the Client pursuant to a separate custody agreement and, in respect of custody of securities and pursuant to the instructions of the Client relating thereto, as custodian may be retained to receive and deliver securities on behalf of the Client and to collect dividend, interest or sale/redemption proceeds in connection with such securities handled by the Bank. Pursuant to the instructions of the Client, the Bank shall execute the payment of consideration of securities purchased by the Client to the seller (in accordance with the regular procedures applicable to such activities) and, in respect of other valuables, shall provide the safekeeping of such valuables in accordance with the terms of a separate agreement relating thereto. The Bank shall have the right to involve the services of a sub-custodian without the

expressed approval of the Client. Unless otherwise provided, the Bank shall have the right to modify its fees relating to the custody services at its own discretion and shall notify the Client on such modification.

25. Trade in Securities

25.1.

Should the Bank trade in securities under the then applicable law, the specific terms and conditions thereof shall be governed by the separate general terms and conditions relating thereto issued by the Bank. Upon request, the Bank shall make such general terms and conditions available to the Client.

26. Foreign Currency Transactions

26.1.

If the Client purchases from or sells to the Bank a currency in a certain amount against an other currency in a certain amount, with spot or forward value, at the applicable spot or forward rate, as such terms are quoted by the Bank in a relevant Quote, the terms and conditions of the present section will be applicable to the legal relationship between the parties.

26.2.

In case of Spot Transactions the Client may, from time to time, purchase or sell a currency in a certain amount from or to the Bank, as the case may be, against an other currency in a certain amount, with spot value, at the applicable spot rate, as such terms are quoted by the Bank in a relevant Quote.

26.3.

In case of Forward Transactions the Client may, from time to time, purchase or sell a currency in a certain amount from or to the Bank, as the case may be, against an other currency in a certain amount, with forward value, at the applicable forward rate, as such terms are quoted by the Bank in a relevant Quote.

26.4.

The Client may, during the regular business hours of the Bank, request the Bank via telephone to quote the terms for a Foreign Currency Transaction (further referred to as "**Quote**"), and the Bank may, but shall not be obliged to, quote such terms for a Foreign Currency Transaction. The Bank may decide in its sole discretion on the terms of a Quote. The Client's acceptance of a Quote in accordance with the terms of the Agreement shall constitute a Foreign Currency Transaction between the Bank and the Client, and the Foreign Currency Transaction will be confirmed in writing by the Bank by delivering to the Client a written statement, substantially in the form as available in the books of the Bank, listing the terms of the relevant Foreign Currency Transaction. The Client agrees with the Bank that

- (i) the Bank may request the Client to deliver a duly signed confirmation to the Bank in respect of the agreed Foreign Currency Transaction; and
- (ii) the Bank shall have the right to record any conversation between the Client and the Bank and to use such

record in any dispute as evidence of the terms of a Foreign Currency Transaction or any discussion or understanding between the Client and the Bank.

26.5.

The Client shall deliver the names, titles and specimen signatures of the only officers of the Client who are authorised to request quotations for, and enter into, Foreign Currency Transaction on behalf of the Client. In dealing with such authorised representatives, absent actual knowledge to the contrary, the Bank shall be entitled to assume such representatives are who they claim to be, that their signatures on any documents delivered to the Bank are authentic (the Bank being under no obligation to verify such signatures) and that such persons are authorised to enter into Foreign Currency Transaction on behalf of the Client. The Client and the Bank may agree in the use of a password which shall be used by the Client when requesting a Quote from the Bank, and the Client agrees with the Bank that the Bank will only give its Quote to the Client if such password has been used by the Client.

26.6.

On the Settlement Date of a Forward Transaction, as elected by the Client and notified in writing to the Bank until 9.00 a.m. on the second Banking day before such Settlement Date,

- (i) the Client shall pay the Bank and the Bank shall pay the Client, the relevant amount of currencies payable under a Forward Transaction, calculated at the relevant forward exchange rate agreed in such Forward Transaction, or
- (ii) provided that the Client and the Bank have entered into an inverse Spot Transaction between the same currencies and with the same Settlement Date as in respect of such Forward Transaction, and provided, further that a currency and its amount payable under such inverse Spot Transaction equals to a currency and its amount under such relevant Forward Transaction, then the Bank and the Client may agree in the netting of the amounts payable to the other party under such transactions. If the Client elects the payment of the full notional amount under (i) above, provided that it is in respect of the purchase of a currency other than HUF by the Client, it shall deliver to the Bank by 9:00 a.m. on the second Banking day before the relevant Settlement Date a payment order in the form acceptable to the Bank. If the Client fails to elect the form of settlement under (i) or (ii) above, or to send the payment order referred to above, then the Bank will close the relevant Forward Transaction using its applicable fixing buy or sell exchange rate, as the case may be, prevailing on the relevant Settlement Date. Any amount payable hereunder shall be paid on the relevant Settlement Date.

26.7.

On the Settlement Date of a Spot Transaction, as elected on the relevant trade date by the Client, (i) the Client shall pay the Bank and the Bank shall pay the Client, the relevant full notional amount of currencies payable under a Spot Transaction, calculated at the spot rate agreed in such Spot

Transaction. If the Client elects the payment of the full notional amount under (i) above, provided that it is in respect of the purchase of a currency other than HUF by the Client, it shall deliver to the Bank on the relevant trade date of a Spot Transaction a payment order in the form acceptable to the Bank.

26.8.

All payments by the Client hereunder shall be made to the Bank in full in the same currency as the relative Foreign Currency Transaction, without any deduction or withholding in respect of set-off, counterclaim, taxes, or otherwise, unless the Client is otherwise required by law, in which case the amount of each such payment shall be increased so that the Bank receives a net amount equal to that which it would have received if no such deduction or withholding had been made.

26.9.

In executing payment orders for the purchase or sale of foreign currency, the Bank may enter into agreements with third parties in the Bank's own name without being obliged to disclose the terms of such agreements to the Client.

26.10.

The Bank shall execute the exchange of

- (i) foreign currency into HUF,
- (ii) HUF into foreign currency and/or
- (iii) foreign currency into foreign currency applying the exchange rate determined by the Bank and notified to the Client.

26.11.

The Bank shall not be held liable for any risk arising from the fluctuation of exchange rates in the course of executing international payments and foreign currency transactions, which risk is solely for the Client.
