Foreign Exchange Rates are reference rates, which are fixed by the Bank two times a day, based on the interbank foreign exchange rates (average of Reuters D2 BID, OFFER plus ING foreign exchange rate margin).

The first fixing shall take place at 12:00 p.m. (Budapest time) on a banking day. Such rate shall be applicable to payment transactions of which the payment orders had been accepted on the actual day until the time of the fixing. In case it is justified by a significant fluctuation of the exchange rates (i.e. the difference between the Reuters D2 BID, OFFER average and the last fixing of the ING mid-rate exceeds 1% of the ING mid-rate), the Bank reserves the right to quote new exchange rates as per the above methods and apply it to transactions above EUR 50 000 or equivalent.

Upon request, the Bank provides further information about Foreign Exchange Rates.

In case of cash desk transactions (cash deposit, cash withdrawal) with conversion the Bank executes by using the Cash Desk Foreign Exchange Rates fixed at the booking date. Cash Desk Foreign Exchange Rates are fixed and published at 8:00 a.m. every banking day, based on the daily foreign exchange rates (average of Reuters D2 BID, OFFER plus ING foreign exchange rate margin).

In case of corporate card transactions executed in foreign currencies the relevant MasterCard foreign exchange rates shall prevail. When debiting the sum of card transactions related to the use of ING Bank NV Amsterdam's Corporate card, the Bank applies the mid-rate prevailing on the debit date.

The actual Foreign Exchange Rates are published through the Bank's webpage and the ING Online system.

The following currencies are fixed by the Bank: USD, EUR, CHF, GBP, JPY, AUD, CAD, DKK, NOK, SEK, CZK, PLN, HKD, HRK, NZD, RON, SGD, THB, TRY, ZAR, ILS.

Cash rates are fixed in the following currencies: USD, EUR, CHF, GBP, JPY, AUD, CAD, DKK, NOK, SEK, CZK, PLN.
